

# Loan Payment Options

## Pay your loan your way.

Our payment options make it easy to manage your loan.

### **AUTOMATIC PAYMENT OPTIONS – WE SET UP FOR YOU**

A 5Point representative can set up automatic payments to fit your schedule:

- Deduct loan payments from payroll direct deposits
- Set automatic transfers from a 5Point share account to a 5Point loan
- Set automatic transfers from other financial institutions to a 5Point loan

### **ONE-TIME PAYMENTS**

Prefer to handle payments directly each month? You have choices here, too!

- Call us and make your one-time payment using the Payment Center. Select menu option 6 for one-time payments.
- You can make one-time payments online or with our mobile app using the Payment Center as well. You can pay without creating an account on the Payment Center by selecting Express Pay. You may also register and still select the one-time pay option.
- You can call the Contact Center and have us make a phone payment for you, but there is a minimum \$10 service fee. Consider the other available options if you wish to avoid this fee.

### **AUTOMATIC PAYMENT OPTIONS – YOU SET UP ON YOUR OWN**

You can also set up your own automatic payments directly with these options:

- Register for a profile on the Payment Center and set up recurring monthly payments that you can modify or cancel at any time. The Payment Center is available on our website in Home Banking or on our mobile app.
- For credit cards only, you can register your credit cards in Home Banking or on the mobile app (under Credit Cards) and initiate auto payments through our processing partner PSCU.

### **OTHER SELF-SERVICE PAYMENT OPTIONS**

- You may also deposit checks or cash at a 5Point ATM and then transfer the funds to loans using online banking or our mobile app.
- You may deposit checks using mobile check deposit and then transfer the funds to loans using online banking or our mobile app.
- You can transfer funds directly from an existing 5Point account to a loan via online banking or our mobile app.

## **Have questions?**

We're always here and happy to help!
